WHAT IS CORONAVIRUS?

Coronavirus or COVID-19 is a new strain of the coronavirus, which was first identified in Wuhan City, China in 2019. COVID-19 is a member of the coronavirus family (a group of viruses) that has never been encountered before.

WHAT ARE THE SYMPTOMS?

The virus most commonly causes:

- ✓ coughing
- ✓ fever
- ✓ tiredness
- ✓ breathing difficulties

These symptoms are usually mild and begin gradually but commonly occur within 1-10 days after a person has been exposed.

Some people become infected but don't develop any symptoms and don't feel unwell. Around 1 out of every 6 people who gets COVID-19 becomes seriously ill and develops difficulty breathing.

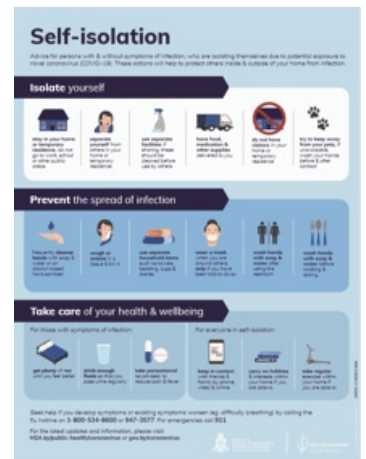

HOW DO I GET MORE INFORMATION?

For further information read our [frequently asked questions page](#) or contact the Flu Hotline on [1 800 534 8600](#) or [947 3077](#) or email flu@hsa.ky.

Download the self-isolation information sheet [here](#).

Self-isolation
Advice for persons with & without symptoms of infection who are isolating themselves due to potential exposure to new coronavirus (COVID-19). These actions will help to protect others inside & outside of your home from infection.

Isolate yourself!

- Stay in your home as much as possible. Avoid visitors, including family members, friends, and pets.
- Wash your hands frequently with soap and water for at least 20 seconds.
- Use separate bathrooms if you have one.
- Use separate bedrooms if you have one.
- Use separate dishes, glasses, and cups.
- Do not share food, drinks, or other items.
- Do not have visitors in your home.
- Do not have pets in your home.
- Do not have visitors in your home.
- Do not have pets in your home.

Prevent the spread of infection

- Wash your hands frequently with soap and water for at least 20 seconds.
- Wear a face mask when around others.
- Avoid close contact with others.
- Do not cough or sneeze into your hands.
- Use tissues to cover your mouth and nose when coughing or sneezing.
- Dispose of tissues immediately.
- Wash your hands immediately after coughing or sneezing.
- Do not touch your face.
- Do not share food, drinks, or other items.
- Do not have visitors in your home.
- Do not have pets in your home.

Take care of your health & wellbeing

- Get plenty of rest and stay hydrated.
- Take over-the-counter medicines as directed to help reduce fever and pain.
- Take your temperature regularly.
- Stay in contact with family & friends for support.
- Get on hold for a few minutes if you are having difficulty breathing by calling the flu hotline on 1 800 534 8600 or 947 3077. For emergencies call 911.
