MARCH 24, 2020

State officials discourage open burning during COVID-19 response

Denver (March 24): Officials from the Colorado Department of Public Health and Environment (CDPHE) urge Coloradans not to engage in open burning activities during the current COVID-19 response.

MARCH 23, 2020

State health department issues public health order reducing in-person work and increasing social distancing

In order to protect public health and safety and slow the spread of COVID-19, this public health order increases social distancing and identifies critical workplaces that are exempt to make sure Colorado can provide goods and services to its people during the COVID-19 response.
