## Latest press conference

[COVID-19 Update Monday 23 March](#)

## New cases

There have been an additional 97 cases reported in NSW in the past 24 hours.

## Age and sex breakdown of confirmed cases reported in NSW

Age group	Female	Male*	Total
10-19	14	8	22
20-29	48	46	94
30-39	59	60	119
40-49	40	56	96
50-59	39	43	82
60-69	36	43	79
70-79	12	15	27
80-89	2	7	9
90-100	5	0	5

\*A single male case without a recorded date of birth has been notified and is currently being followed up.

## Likely source of infection of confirmed cases reported in NSW

Source	Cases
Overseas acquired	251
Locally acquired - contact of a confirmed case	131
Local acquired – contact not identified	46
Under investigation	105
Total	533

## Confirmed cases by local health district (LHD), across NSW

This map shows confirmed COVID-19 cases only (based on location of usual residence). Cases without a NSW residential address are not shown. The case definition of a confirmed case is a person who tests positive to a validated specific SARS-CoV-2 nucleic acid test or has the virus identified by electron microscopy or viral culture, at a reference laboratory.

## Confirmed cases by local health district (LHD), across Sydney Metropolitan region

This map shows confirmed COVID-19 cases only (based on location of usual residence). Cases without a NSW residential address are not shown. The case definition of a confirmed case is a person who tests positive to a validated specific SARS-CoV-2 nucleic acid test or has the virus identified by electron microscopy or viral culture, at a reference laboratory.

## Airport screening

Since 2 February 2020, NSW Health been assisting the Australian Government in assessing passengers who arrive at Sydney International Airport from countries with high levels of COVID-19 community transmission. Up to 6pm 19 March 2020, a total of 28,517 passenger arrivals have been screened for possible symptoms of COVID-19. This includes 302 passengers screened on 19 March.

A total of 173 people have been transferred to hospital for further evaluation and COVID-19 testing where clinically indicated. This includes 5 people who arrived on 19 March.
