Total	818

Confirmed cases by local health district (LHD)

Across NSW

This map shows confirmed COVID-19 cases only (based on location of usual residence). Cases without a NSW residential address are not shown. The case definition of a confirmed case is a person who tests positive to a validated specific SARS-CoV-2 nucleic acid test or has the virus identified by electron microscopy or viral culture, at a reference laboratory.

Across Sydney Metropolitan region

This map shows confirmed COVID-19 cases only (based on location of usual residence). Cases without a NSW residential address are not shown. The case definition of a confirmed case is a person who tests positive to a validated specific SARS-CoV-2 nucleic acid test or has the virus identified by electron microscopy or viral culture, at a reference laboratory.

Airport screening

Government in assessing passengers who arrive at Sydney International Airport from countries with high levels

of COVID-19 community transmission. On 23 March 2020, a total of 1,259 passenger arrivals were screened for possible symptoms of COVID-19. 25 people were transferred to hospital for further evaluation and COVID-19 testing where clinically indicated.

Public Health Orders

- 23 March 2020 Public Health (COVID-19 Places of Social Gathering) Order 2020 under the Public Health Act 2010
- 21 March 2020 Public Health (COVID-19 Gatherings) Order 2020 under the Public Health Act
- 20 March 2020 Public Health (COVID-19 Lord Howe Island) Order 2020 under the Public Health
