Source	Cases
Overseas acquired	286
Locally acquired (close contact of a confirmed case)	112
Locally acquired (Interstate travel)	6
Locally acquired (contact not identified)	4
Under investigation	7
TOTAL	415

For public action

Investigations are ongoing into the cluster of cases identified at Adelaide Airport with one additional case identified since yesterday, bringing the total number of cases to 29.

Anyone who is sick with symptoms of COVID-19 and has been at the Adelaide Airport, including in the terminal or car park, since Tuesday 17 March should present for testing.

There are 38 confirmed cases linked to areas within the Barossa region including Tanunda, Nuriootpa, Williamstown, Angaston and Lyndoch.

Anyone in these areas from Saturday 14 March 2020 who develops symptoms should immediately self-isolate and be tested.

Travel in or out of these towns should now be limited and any non-essential travel within the region is discouraged. Anyone attending work should adhere to social distancing guidelines and working from home is encouraged.

A dedicated COVID-19 testing clinic has opened at Tanunda War Memorial Hospital for people in the region with symptoms of COVID-19.
