Coronavirus COVID-19 daily update

[Print](#)  [Share](#) 

This Chief Health Officer update is intended to provide clinicians and the Victorian public with information about the number of confirmed cases of COVID-19 in Victoria as well as relevant public health response activities in Victoria. Chief Health Officer Alerts will continue to be issued when there are changes to the public health advice related to COVID-19.

13/04/2020

What's new?

Developments in the outbreak

- As of 13 April 2020, Victoria has 1281 total confirmed cases, an increase of 13 since yesterday. 38 people are in hospital, including 14 people in intensive care. 14 people have died. 122 cases have an unknown source of infection, an increase of 3 since yesterday. 1075 people have recovered.
- Of the total 1281 cases, there have been 1022 in metropolitan Melbourne and 235 in regional Victoria. A number of cases remain under investigation.
- The total number of cases in Australia is currently 6326. That is expected to increase significantly in coming weeks unless people stay at home.
- There have been 162 confirmed cases in healthcare workers, across at least 7 hospitals and 1 radiology clinic.
- On 12 April, a plane carrying 99 Australian and 13 New Zealand passengers from the Greg Mortimer cruise ship in Uruguay landed in Melbourne. A Field Emergency Medical Officer team from the Victorian Department of Health and Human Services met the flight and assessed all the passengers before transfer to quarantine.
- Up-to-date [epidemiological data](#)  is available on our website.

Current advice to clinicians

- Clinicians are urged to test everyone who meets the case definition; especially close contacts and Aboriginal and Torres Strait Islander people. There should be no exceptions.
- Please reinforce the advice to Victorians to stay home and stay safe.
- Look for signs of mental distress in your patients and encourage them to take a look at our [coronavirus mental health webpage](#)
- Be aware of the increased risk for family violence during this difficult time. Familiarise yourself with the [services available for your patients](#).

Key messages

- The rules are clear - Stay home. Protect the health system. Save lives.
- There are only four reasons to leave home:
 - shopping for what you need - food and essential supplies
 - medical, care or compassionate needs
 - exercise in compliance with the public gathering requirements
 - work and study if you can't work or learn remotely.

Current directions arising from the declared state of emergency

The State of Emergency in Victoria has been extended for another four weeks until midnight 11 May 2020.

The current directions remain in place and include: staying at home, restrictions on particular activities, detention, restrictions on airports and cruise ships, aged care, hospitals and isolation for people diagnosed with COVID-19.

These directions are due to be updated later today to align with their planned expiry at midnight tonight and will be available on Tuesday 14 April.

More information viewed at the department's [website](#). The site also contains a page of [frequently asked questions](#) providing further guidance on the directions.
