Coronavirus (COVID-19) daily update

[Print](#)  [Share](#) 

This Chief Health Officer update is intended to provide clinicians and the Victorian public with information about the number of confirmed cases of coronavirus (COVID-19) in Victoria as well as relevant public health response activities in Victoria. Chief Health Officer Alerts will continue to be issued when there are changes to the public health advice related to coronavirus (COVID-19).

14/08/2020

What's new?

- As of 14 August 2020, the total number of coronavirus (COVID-19) cases in Victoria is 16,234. 372 new cases have been diagnosed since yesterday.
- Of the new cases, 87 are linked to outbreaks or complex cases and 285 are under investigation.
- There are 3,119 cases that may indicate community transmission. This is an increase of 51 since yesterday's report.
- 659 people are in hospital. This includes 41 patients in intensive care.
- Sadly, there have been 14 new deaths reported since yesterday. To date, 289 people have died from coronavirus (COVID-19) in Victoria.
- There are 7,877 cases currently active in Victoria. 7,842 people have recovered.
- More than 1,914,400 tests have been processed. This is an increase of approximately 18,908 since yesterday.
- You can find further details in today's [coronavirus \(COVID-19\) media release](#).
- The DHHS website has [up-to-date epidemiological data](#) available.
- Victoria's clinical and community mental health services will be boosted to address a surge in

demand due to the pandemic. Mental health and wellbeing programs will provide support to police, paramedics and nurses and sole traders, small business owners and their employees.

- A new [Call-to-Test service](#) provides in-home coronavirus (COVID-19) testing to Victorians who would otherwise be unable to get tested. This includes older Victorians, Victorians with a disability, carers and those with an illness that might prevent them from leaving home. For eligible callers located in Melbourne, testers will visit within 48 hours.
- An awareness campaign has been launched focusing on the experiences of Victorians with coronavirus (COVID-19) and how it has impacted their lives, see [Stories from Coronavirus Survivors](#).

State of Disaster

- Victoria entered a State of Disaster at 6pm on Sunday 2 August. It will be in place until Sunday 13 September. This gives police more powers to make sure people are complying with public health directions.
- Melbourne moved to [Stage 4 restrictions](#) on Sunday 2 August 2020.
- A curfew is in place for Melbourne from 8pm to 5am. The only reasons to leave home during these times are for work, medical care and caregiving.
- Employers must issue a permitted [worker permit](#) to each of their staff members that are required to attend a work site. .
- Regional Victoria moved to [Stage 3 restrictions](#) on 5 August 2020.
- The DHHS website has more information on [face masks and coverings](#).

Current advice to clinicians

- [Information for healthcare workers](#) about priority testing and other supports and assistance is on the DHHS website. This includes advice on self-isolation, quarantine and emergency accommodation.
- It is now a requirement that staff who are directly involved in treating patients must wear eye protection. The DHHS website has more information on [personal protective equipment](#).
- Practitioners should test any patients who meet the clinical criteria below:

Fever OR chills in the absence of an alternative diagnosis that explains the clinical presentation*

OR

Acute respiratory infection (e.g. cough, sore throat, shortness of breath, runny nose, anosmia or loss of smell or loss of taste)

Note: testing is also recommended for people with new onset of other clinical symptoms consistent with coronavirus (COVID-19)** AND who are close contacts of a confirmed case of coronavirus (COVID-19); who have returned from overseas in the past 14 days; or who are healthcare or aged care workers.

**Clinical discretion applies including consideration of the potential for co-infection (e.g. concurrent infection with SARS-CoV-2 and influenza)*

***headache, myalgia, stuffy nose, nausea, vomiting, diarrhoea*

- If referring your patients for coronavirus (COVID-19) testing, a list of testing locations can be found on the [getting tested for coronavirus page](#).
- The Department of Health and Human Services will continue distributing masks to eligible Victorians. General practices can place orders for these masks. More information is available on the [reusable face masks page](#).

Key messages for the community

- Stay home and get tested if you have symptoms of coronavirus (COVID-19) no matter how mild: including fever, chills, cough, sore throat, shortness of breath, runny nose, loss of sense of smell or taste. Go home straight after your test and self-isolate while you wait for the results. [Go to the DHHS testing map for locations](#).
- Wear a face mask or covering when you leave home, unless a lawful exception applies.
- This is a difficult and uncertain time for all so support is vital and available. For more information on managing stress and support options, call the Coronavirus Mental Wellbeing Support Services on 1800 512 348.
- Financial support is also available. The Coronavirus (COVID-19) Test Isolation Payment is being increased to \$450. You can find more information on [Coronavirus \(COVID-19\) Test Isolation and Worker Support Payments](#) on our website.
- Check [our website](#) for [information and advice about current restriction levels](#) in place including where stage 4, stage 3 and stage 2 restricted areas are, and the updated directions.
- The 'Partners in Wellbeing' hotline has extended their operating hours to 10pm on weekdays. Additional support for business owners is now available through access to business advisors and financial counsellors. The hotline number is 1300 375 330.
- A factsheet on how to '[Reduce your risk of coronavirus \(COVID-19\)](#)', has been [translated into 49 languages](#) and is on our website. A video from the Chief Health Officer showing our community 'how to safely wear a mask' has been [dubbed into a variety of languages](#) for the public.
