Confirmed cases of COVID-19 in Western Australia by Local Government Area

Non WA residents have been excluded from the map.

Note: the data used for the Heat Map uses the residential address of the case, and may not be reflective of where the person is currently located, nor where the person was infected. While the Heat Map location data is a useful tool to indicate approximate location of cases, it is not intended to be used as a diagnostic tool or to indicate the rate or probability of infection.
