Current Situation

Last updated: March 14, 2020

In keeping with social distancing strategies outlined to Manitobans and in consultation with key stakeholders, public health officials have advised suspending classes in Manitoba K-12 schools effective March 23 to April 10th. This is being done to help reduce the spread of COVID-19 in Manitoba.

The COVID-19 pandemic continues to evolve rapidly worldwide with more countries reporting cases and an overall increase in case numbers. Manitoba announced its first laboratory-confirmed presumptive positive COVID-19 cases on March 12.
