Current Situation

NEW Last updated: May 1, 2020

Public health officials advise four new cases of COVID-19 have been identified as of 9:30 a.m. today, bringing the total number of lab-confirmed positive and probable positive cases in Manitoba to 279.

The data also shows:

- five individuals are currently hospitalized, with no individuals in intensive care;
- 38 active cases and 235 individuals who have recovered from COVID-19; and
- the number of deaths due to COVID-19 remains at six.

Public Health orders restricting staff from working in more than one licensed personal care home (PCH) have been signed and will take effect today. The single site restriction is intended to provide additional protection against the introduction and/or spread of the COVID-19 virus within PCHs.

A new drive-thru community testing site opened today in Swan River, at the Manitoba Public Insurance facility, 125 Fourth Ave. North. Hours of operation are daily from 10:30 a.m. to 3 p.m. This is Manitoba's 16th community testing site and ninth drive-thru location.
