Current Situation

NEW Last updated: June 25, 2020

Public health officials advise one new case of COVID-19 was identified as of 9:30 a.m. today. The total number of lab-confirmed positive and probable positive cases in Manitoba is 316.

The data also shows:

- no individuals in hospital or intensive care;
- 15 active cases and 294 individuals who have recovered from COVID-19; and
- the number of deaths due to COVID-19 remains at seven.

Nearly 400 tests were performed yesterday. However the data is still being reviewed and confirmed. Updated testing data will be available tomorrow.

Canada Day is next week and Manitobans are reminded to continue to practice social distancing and follow public health guidelines for gatherings whether at home, the cottage or camping. Stay home if you feel sick, practice good hand hygiene and cover your cough. If you are travelling, remember to be COVID-CAREFUL and reduce stops while travelling.
