#RESTART^{MB} Pandemic Response System

Provincial Response Level: CAUTION

COVID-19 is still a threat across Manitoba, however transmission levels are low. The Chief Provincial Public Health Officer has set the response level to yellow.

COVID-19 Screening Tool - Experiencing
symptoms?

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: September 5, 2020

Public health officials advise the current five-day COVID-19 test positivity rate is 1.4 per cent and 21

new cases of the virus have been identified as of 9:30 a.m. today. This brings the total number of cases in Manitoba to 1,294.

The data shows:

- three cases in the Interlake-Eastern health region;
- four cases in the Prairie Mountain Health region;
- four cases in the Southern Health-Sante Sud health region; and
- 10 cases in the Winnipeg health region.

The data also shows:

- 426 active cases and 852 individuals have recovered from COVID-19;
- there are 13 people in hospital and two people in intensive care; and
- the number of deaths due to COVID-19 is 16.

Preliminary investigations indicate that eight of the cases are related to close contacts. Investigations continue and if a public health risk is identified, the public will be notified.

Preliminary laboratory testing numbers show an additional 1,494 tests were completed on Friday, bringing the total number of lab tests completed since early February to 144,212.

Case investigations indicate a previously identified case in a health care worker in the Winnipeg Regional Health Authority is linked to Concordia Place personal care home. This information has been shared with families and staff. Close contacts are being identified and the case investigations are continuing.
