#RESTART^{MB} Pandemic Response System

Provincial Response Level: CAUTION

COVID-19 is still a threat across Manitoba, however transmission levels are low. The Chief Provincial Public Health Officer has set the response level to yellow.

COVID-19 Screening Tool - Experiencing
symptoms?

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: September 11, 2020

Public health officials advise the current five-day COVID-19 test positivity rate is 1.4 per cent and 15

new cases of the virus have been identified as of 9:30 a.m. today bringing the number of lab-confirmed cases in Manitoba to 1,393.

The data shows:

- four cases in the Prairie Mountain Health region;
- three case in the Southern Health-Santé Sud health region; and
- eight cases in the Winnipeg health region.

The data also shows:

- 287 active cases and 1090 individuals have recovered from COVID-19;
- there are 12 people in hospital and four people in intensive care; and
- the number of deaths due to COVID-19 is 16.

Case investigations continue and if a public health risk is identified, the public will be notified.

Confirmed laboratory testing numbers show 1,457 tests were completed on Thursday, bringing the total number of lab tests completed since early February to 151,807.

The Keystone Center Specimen Collection Site in Brandon will close permanently after Sept. 12. Those seeking testing are advised to visit the Brandon Town Center site. For all testing site locations visit <https://www.gov.mb.ca/covid19/updates/testing.html>

Winnipeg community area data is now available at Manitoba.ca/COVID19. The city is divided into 12 community areas and, like the health districts, data regarding active and recovered cases, deaths and total cases is available. This information serves to inform the public and guide decision making.

Public health officials are advising of a potential exposure to COVID-19 may have occurred: Sept. 1 at the GRMC Vision Centre, 20-144 6th St., Brandon, between 3:00 and 5:00 p.m. The exposure risk is low but those at this location are asked to monitor for symptoms.
