#RESTART^{MB} Pandemic Response System

Provincial Response Level: CAUTION

COVID-19 is still a threat across Manitoba, however transmission levels are low. The Chief Provincial Public Health Officer has set the response level to yellow.

COVID-19 Screening Tool - Experiencing
symptoms?

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: September 14, 2020

Public health officials advise the current five-day COVID-19 test positivity rate is 1.4 per cent and 21

new cases of the virus have been identified as of 9:30 a.m. today bringing the number of cases in Manitoba to 1,449.

The data shows:

- one case in the Interlake-Eastern health region;
- three cases in the Southern Health-Santé Sud health region; and
- 17 cases in the Winnipeg health region.

Following detailed public health investigations, one case announced on Sunday has been reassigned from the Northern health region to the Winnipeg health region. This change is reflected in the data posted online.

The data also shows:

- 257 active cases and 1,176 individuals have recovered from COVID-19;
- there are 12 people in hospital and three people in intensive care; and
- the number of deaths due to COVID-19 is 16.

Case investigations continue and if a public health risk is identified, the public will be notified.

Preliminary laboratory testing numbers show 1,514 were complete Friday, 1,433 were completed Saturday and 1,049 tests were completed on Sunday, bringing the total number of lab tests completed since early February to 155,803.

Public health officials are advising of a possible exposure at Beaverlodge School at 6691 Rannock Ave. in Winnipeg on Thursday, Sept. 10 (morning and afternoon). The individual was asymptomatic and followed all public health measures that were put in place at the school. The public health investigation indicates the infection was not acquired at school. The school community and the cohort have been notified. Additional cleaning of high-touch areas is being undertaken out of an abundance of caution.
