#RESTART^{MB} Pandemic Response System

Provincial Response Level: CAUTION

COVID-19 is still a threat across Manitoba, however transmission levels are low. The Chief Provincial Public Health Officer has set the response level to yellow.

COVID-19 Screening Tool - Experiencing
symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: October 3, 2020

Public health officials advise the 22nd death related to COVID-19 has been reported in the Winnipeg health region. The individual was a female in her 80s and a previously announced case connected

to the Parkview Place personal care home outbreak.

The current five-day COVID-19 test positivity rate is 2.5 per cent and 38 new cases of the virus have been identified as of 9:30 a.m. today. Two previously-announced cases have been removed from the case totals, bringing the net number of new cases today to 36 and the total number of cases in Manitoba to 2,108.

The data shows:

- two cases in the Prairie Mountain Health region;
- three in the Interlake-Eastern health region; and
- 33 cases in the Winnipeg health region.

The data also shows:

- 677 active cases and 1,409 individuals have recovered from COVID-19;
- the number of deaths due to COVID-19 is 22.

Due to technical issues, hospitalization and ICU data is not available today. It will be updated when available.

Laboratory testing numbers show 1,963 tests were completed yesterday, bringing the total number of lab tests completed since early February to 190,061. Case investigations continue and if a public health risk is identified, the public will be notified.
