# #RESTARTMB Pandemic Response System

## Provincial Response Level: CAUTION

COVID-19 is still a threat across Manitoba, however transmission levels are low. The Chief Provincial Public Health Officer has set the response level to yellow.

COVID-19 Screening Tool - Experiencing symptoms?

### Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

#### **Current Situation**

NEW Last updated: October 28, 2020

Public health officials advise three additional deaths due to COVID-19 have been reported, a male in his 80s from Winnipeg linked to the Victoria Hospital outbreak, a female in her 80s from

Interlake-Eastern linked to the Misercordia Place outbreak and male in his 40s from Interlake-Eastern.

The current five-day COVID-19 test positivity rate is 7.3 per cent and 170 new cases of the virus have been identified as of 9:30 a.m. However, one case was removed due to a data error. This means the net new number of cases is 169, which brings the total number of lab-confirmed cases in Manitoba to 4,701.

#### Today's data shows:

- 26 cases in the Interlake-Eastern health region;
- six cases in the Northern health region;
- three casein the Prairie Mountain Health region;
- 18 cases in the Southern Health-Santé Sud health region; and
- 117 cases in the Winnipeg health region.

#### The data also shows:

- 2,334 active cases and 2,306 individuals who have recovered from COVID-19;
- there are 89 people in hospital and 19 people in intensive care; and
- the number of deaths due to COVID-19 is 61.

Laboratory testing numbers show 3,437 tests were completed yesterday, bringing the total number of lab tests completed since early February to 248,077. Case investigations continue and if a public health risk is identified, the public will be notified.
