#RESTART^{MB} Pandemic Response System

Provincial Response Level: CAUTION

COVID-19 is still a threat across Manitoba, however transmission levels are low. The Chief Provincial Public Health Officer has set the response level to yellow.

COVID-19 Screening Tool - Experiencing
symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: October 30, 2020

Public health officials advise three additional deaths due to COVID-19 have been reported, a male in his 80s, a female in her 90s and a female in her 80s, all from the Winnipeg region and linked to

the outbreak at Parkview Place.

The current five-day COVID-19 test positivity rate is 8.6 per cent and 480 new cases of the virus have been identified as of 9:30 a.m. which brings the total number of lab-confirmed cases in Manitoba to 5,374. Of the 480 news cases, two were identified Sunday, four were identified Monday, 44 were identified Tuesday, 193 were identified Wednesday and 237 were identified Thursday.

Today's data shows:

- 42 cases in the Interlake-Eastern health region;
- 25 cases in the Northern health region;
- 10 cases in the Prairie Mountain Health region;
- 94 cases in the Southern Health-Santé Sud health region; and
- 309 cases in the Winnipeg health region.

The data also shows:

- 2,737 active cases and 2,572 individuals who have recovered from COVID-19;
- there are 104 people in hospital and 19 people in intensive care; and
- the number of deaths due to COVID-19 is 65.

Laboratory testing numbers show 2,865 tests were completed yesterday, bringing the total number of lab tests completed since early February to 253,357. Case investigations continue and if a public health risk is identified, the public will be notified.
