## #RESTART<sup>MB</sup> Pandemic Response System

### Provincial Response Level: RESTRICTED

Community transmission of COVID-19 is occurring. However, the virus is being transmitted at levels that public health and the health system can manage. The Chief Provincial Public Health Officer has set the response level to Orange.

COVID-19 Screening Tool - Experiencing  
symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

### Current Situation

**NEW** Last updated: November 9, 2020

Public health officials advise three additional deaths due to COVID-19 have been reported today,

including:

- a male in his 70's from the Southern Health-Santé Sud health region;
- a male in his 90's from the Southern Health-Santé Sud health region; and
- a female in her 80's from the Winnipeg health region and linked to the outbreak at Victoria General Hospital.

The current five-day COVID-19 test positivity rate is 9.5 per cent provincially and 9.3 per cent in Winnipeg, and 365 new cases of the virus have been identified as of 9:30 a.m. which brings the total lab-confirmed cases in Manitoba to 8,495.

Today's data shows:

- 16 cases in the Interlake-Eastern health region;
- 16 cases in the Northern health region;
- nine cases in the Prairie Mountain Health region;
- 91 cases in the Southern Health-Santé Sud health region; and
- 233 cases in the Winnipeg health region.

The data also shows:

- 5,152 active cases and 3,234 individuals who have recovered from COVID-19;
- there are 192 people in hospital with 28 people in intensive care; and
- the number of deaths due to COVID-19 is 109.

Laboratory testing numbers show 3,143 tests were completed yesterday, bringing the total number of lab tests completed since early February to 288,568. Case investigations continue and if a public health risk is identified, the public will be notified.
