#RESTART^{MB} Pandemic Response System

Provincial Response Level: RESTRICTED

Community transmission of COVID-19 is occurring. However, the virus is being transmitted at levels that public health and the health system can manage. The Chief Provincial Public Health Officer has set the response level to Orange.

COVID-19 Screening Tool - Experiencing
symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: November 10, 2020

Public health officials advise five additional deaths due to COVID-19 have been reported today,

including:

- A male in his 70's from the Winnipeg region;
- A male in his 70's from the Southern region;
- A female in her 80's from the Winnipeg region and linked to the outbreak at the Seine River Retirement Residence.
- A female in her 80's from the Winnipeg Region and linked to the outbreak at Maples Long Term Care Home outbreak; an
- A female in her 90's from the Winnipeg region linked to the outbreak at Victoria General Hospital outbreak.

The current five-day COVID-19 test positivity rate is 10.6 per cent provincially and 10 per cent in Winnipeg, and 384 new cases of the virus have been identified as of 9:30 a.m. However, one case was removed due to being out of province which brings the net new cases to 383 and brings the total lab-confirmed cases in Manitoba to 8,878.

Today's data shows:

- 26cases in the Interlake-Eastern health region;
- 41cases in the Northern health region;
- 18 cases in the Prairie Mountain Health region;
- 83 cases in the Southern Health-Santé Sud health region; and
- 216 cases in the Winnipeg health region.

The data also shows:

- 5,390 active cases and 3,374 individuals who have recovered from COVID-19;
- there are 207 people in hospital with 30 people in intensive care; and
- the number of deaths due to COVID-19 is 114.

Laboratory testing numbers show 1,762 tests were completed yesterday, bringing the total number of lab tests completed since early February to 290,560. Case investigations continue and if a public health risk is identified, the public will be notified.
