COVID-19 Screening Tool - Experiencing symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: November 13, 2020

Public health officials advise five additional deaths due to COVID-19 have been reported today, including:

- a female in her 40s from the Northern health region;
- a female in her 60s from the Interlake-Eastern Regional Health Authority;
- a male in his 60s from the Winnipeg health region;
- a female in her 80s from the Winnipeg health region and linked to the outbreak at Maples Long Term Care Home; and
- a male in his 80s from the Winnipeg health region.

The current five-day COVID-19 test positivity rate is 11.6 per cent provincially and 12.2 per cent in Winnipeg, and 437 new cases of the virus have been identified as of 9:30 a.m. However, three cases were removed due to being out-of-province and a data correction. This brings the net new cases to 434 and the total lab-confirmed cases in Manitoba to 10,216.

Today's data shows:

- 33 cases in the Interlake-Eastern Regional Health Authority;
- 28 cases in the Northern health region;
- 20 cases in Prairie Mountain Health;
- 96 cases in Southern Health-Santé Sud; and
- 260 cases in the Winnipeg health region.

The data also shows:

- 6,307 active cases and 3,772 individuals who have recovered from COVID-19;
- there are 231 people in hospital with 34 people in intensive care; and
- the number of deaths due to COVID-19 is 137.

Laboratory testing numbers show 3,335 tests were completed yesterday, bringing the total number of lab tests completed since early February to 303,559. Case investigations continue and if a public health risk is identified, the public will be notified.
