The current five-day COVID-19 test positivity rate is 13.8 per cent provincially and 13.6 per cent in Winnipeg, and 387 new cases of the virus have been identified as of 9:30 a.m. However two cases were removed due to error for a total to 385 news case and brings the lab-confirmed cases in Manitoba to 13,304.

Today's data shows:

- 26 cases in the Interlake-Eastern health region;
- 34 cases in the Northern health region;
- 15 cases in the Prairie Mountain Health region;
- 94 cases in the Southern Health-Santé Sud health region; and
- 218 cases in the Winnipeg health region.

The data also shows:

- 8,012 active cases and 5,075 individuals who have recovered from COVID-19;
- there are 276 people in hospital with 45 people in intensive care; and
- the number of deaths due to COVID-19 is 217.

Laboratory testing numbers show 2,519 tests were completed yesterday, bringing the total number of lab tests completed since early February to 327,511. Case investigations continue and if a public health risk is identified, the public will be notified.
