COVID-19 Screening Tool - Experiencing symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: November 26, 2020

Public health officials advise 10 additional deaths due to COVID-19 have been reported today including:

- a male in his 50s from the Southern Health-Santé Sud health region and linked to the outbreak at the Bethesda Regional Health Centre;
- a male in his 70s from the Winnipeg health region;
- a female in her 70s from the Interlake-Eastern health region;
- a male in his 80s from the Winnipeg health region and linked to the outbreak at the Maples Long Term Care Home;
- a female in her 80s from the Southern Health-Santé Sud health region and linked to the outbreak at Menno Home in Grunthal;
- a male in his 90s from Southern Health-Santé Sud health region and linked to the outbreak at Menno Home in Grunthal;
- a female in her 90s from the Winnipeg health region and linked to the outbreak at Maples Long Term Care Home;
- a male in his 90s from the Winnipeg health region and linked to the outbreak at the Brightwater Senior Living of Tuxedo;
- a male in his 90s from the Winnipeg health region; and
- a male in his 90s from the Winnipeg health region.

The current five-day COVID-19 test positivity rate is 14.8 per cent provincially and 14.8 per cent in Winnipeg. As of 9:30 a.m. 383 new cases of the virus have been identified, however two cases were removed due to a data correction and one case being from out of province. This brings the total new cases to 381 and the total number of lab-confirmed cases in Manitoba to 15,288.

Today's data shows:

- 26 cases in the Interlake-Eastern health region;
- 29 cases in the Northern health region;
- 15 cases in the Prairie Mountain Health region;
- 111 cases in the Southern Health-Santé Sud health region; and
- 202 cases in the Winnipeg health region.

The data also shows:

- 8,845 active cases and 6,177 individuals who have recovered from COVID-19;
- there are 307 people in hospital with 46 people in intensive care; and
- the number of deaths due to COVID-19 is 266.

Laboratory testing numbers show 1,509 tests were completed yesterday, bringing the total number of lab tests completed since early February to 341,973. Case investigations continue and if a public health risk is identified, the public will be notified.
