The current five-day COVID-19 test positivity rate is 13.8 per cent provincially and 13.2 per cent in Winnipeg. As of 9:30 a.m. today, 447 new cases of the virus have been identified. However, two cases were removed due to a data correction bringing the new total to 445. The total number of lab-confirmed cases in Manitoba is 20,392.

Today's COVID-19 data shows:

- 43 cases in the Interlake-Eastern health region;
- 136 cases in the Northern health region;
- 35 cases in the Prairie Mountain Health region;
- 40 cases in the Southern Health-Santé Sud health region; and
- 193 cases in the Winnipeg health region.

The data also shows:

- 5,517 active cases and 14,410 individuals who have recovered from COVID-19;
- there are 297 people in hospital with 40 people in intensive care due to COVID-19; and
- the total number of deaths due to COVID-19 is 465.

Laboratory testing numbers show 2,723 tests were completed yesterday, bringing the total number of lab tests completed since early February to 383,404. Case investigations continue and if a public health risk is identified, the public will be notified.
