COVID-19 Screening Tool - Experiencing  
symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

### Current Situation

**NEW** Last updated: January 4, 2021

Public health officials advise five additional deaths in people with COVID-19 have been reported today including:

- A female in her 30s from the Winnipeg health region;
- A female in her 60s from the Winnipeg health region;
- A female in her 90s from the Winnipeg health region, linked to an outbreak at River Ridge II Retirement Residence;
- A female in her 90s from the Winnipeg health region, linked to an outbreak at Bethania Mennonite Personal Care Home; and
- A female in her 90s from the Winnipeg health region.

The current five-day COVID-19 test positivity rate is 10.7 per cent provincially and 11.8 per cent in Winnipeg. As of 9:30 a.m. today, 118 new cases of the virus have been identified, which brings the total number of lab-confirmed cases in Manitoba to 25,244.

Today's COVID-19 data shows:

- seven cases in the Interlake-Eastern health region;
- five cases in the Northern health region;
- seven cases in the Prairie Mountain Health region;
- 19 cases in the Southern Health-Santé Sud health region; and
- 80 cases in the Winnipeg health region.

The data also shows:

- 4,423 active cases and 20,133 individuals who have recovered from COVID-19;
- there are 245 people in hospital with active COVID-19 as well as 95 people in hospital with COVID-19 who are no longer infectious but continue to require care, for a total of 340 hospitalizations;
- there are 35 people in intensive care units with active COVID-19 as well as six people with COVID-19 who are no longer infectious but continue to require critical care for a total of 41 ICU patients; and
- the total number of deaths due to COVID-19 is 688.

Laboratory testing numbers show 1,275 tests were completed yesterday bringing the total number of lab tests completed since early February to 427,476. Case investigations continue and if a public health risk is identified, the public will be notified.
