COVID-19 Screening Tool - Experiencing symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: January 7, 2021

Public health officials advise 12 additional deaths in people with COVID-19 have been reported today including:

- A male in his 30s from Northern health region;
- A male in his 60 from Prairie Mountain Health;
- A female in her 90s from Prairie Mountain Health and linked to the outbreak at Fairview Personal Care Home;
- A female in her 60s from Southern Health-Sante Sud region;
- A female in her 50s from the Winnipeg health region;
- A female in her 60s from the Winnipeg health region and linked to the Convalescent Home of Winnipeg;
- A female in her 70s from the Winnipeg health region;
- A female in her 80s from the Winnipeg health region;
- A female in her 80s from the Winnipeg health region and linked to the outbreak at the Concordia Personal Care Home;
- A female in her 80s from the Winnipeg health region and linked to the outbreak at the River East Personal Care Home;
- A male in his 90s from the Winnipeg health region and linked to the outbreak at the Charleswood Care Centre; and
- A female in her 90s from the Winnipeg health region and linked to the outbreak at the Bethania Mennonite Personal Care Home.

The current five-day COVID-19 test positivity rate is 9.9 per cent provincially and 10.5 per cent in Winnipeg. As of 9:30 a.m. today, 208 new cases of the virus have been identified, however, seven were removed due to data corrections making the net new total 201. This brings the total number of lab-confirmed cases in Manitoba to 25,742.

Today's COVID-19 data shows:

- 9 cases in the Interlake-Eastern health region;
- 60 cases in the Northern health region;
- 17 cases in the Prairie Mountain Health region;
- 17 cases in the Southern Health-Santé Sud health region; and
- 105 cases in the Winnipeg health region.

The data also shows:

- 4,506 active cases and 20,519 individuals who have recovered from COVID-19;
- there are 228 people in hospital with active COVID-19 as well as 91 people in hospital with COVID-19 who are no longer infectious but continue to require care, for a total of 319 hospitalizations;
- there are 31 people in intensive care units with active COVID-19 as well as four people with COVID-19 who are no longer infectious but continue to require critical care for a total of 35 ICU patients; and
- the total number of deaths due to COVID-19 is 717.

Laboratory testing numbers show 2,132 tests were completed yesterday bringing the total number of lab tests completed since early February 2020 to 432,839. Case investigations continue and if a public health risk is identified, the public will be notified.
