COVID-19 Screening Tool - Experiencing symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: January 20, 2021

Public health officials advise six additional deaths in people with COVID-19 have been reported today including:

- a male in his 50s from the Winnipeg health region;
- a female in her 60s from the Winnipeg health region and linked to the outbreak at Southeast Personal Care Home;
- a female in her 60s from the Winnipeg health region;
- a male in his 60s from the Winnipeg health region and linked to the outbreak at Southeast Personal Care Home;
- a female in her 90s from the Winnipeg health region and linked to the outbreak at Holy Family Personal Care Home
- a female in her 90s from the Prairie Mountain Health region and linked to the outbreak at McCreary/Alonsa Health Centre.

The current five-day COVID-19 test positivity rate is 9.5 per cent provincially and 6.7 per cent in Winnipeg. As of 9:30 a.m. today, 154 new cases of the virus have been identified. However, one case was removed due to a data correction making the net-new cases 153 and the total number of lab-confirmed cases in Manitoba to 27,893.

Today's COVID-19 data shows:

- 18 cases in the Interlake-Eastern health region;
- 70 cases in the Northern health region;
- eight cases in the Prairie Mountain Health region;
- 10 cases in the Southern Health-Santé Sud health region; and
- 48 cases in the Winnipeg health region.

The data also shows:

- 3,137 active cases and 23,968 individuals who have recovered from COVID-19;
- there are 129 people in hospital with active COVID-19 as well as 144 people in hospital with COVID-19 who are no longer infectious but continue to require care, for a total of 273 hospitalizations;
- there are 25 people in intensive care units with active COVID-19 as well as 11 people with COVID-19 who are no longer infectious but continue to require critical care for a total of 36 ICU patients; and
- the total number of deaths due to COVID-19 is 788.

Laboratory testing numbers show 1,911 tests were completed yesterday, bringing the total number of lab tests completed since early February 2020 to 456,861. Case investigations continue and if a public health risk is identified, the public will be notified.
