COVID-19 Screening Tool - Experiencing symptoms?

[Take a self-assessment](#)

Contact Health Links-Info Santé at 204-788-8200 or 1-888-315-9257 (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW *Last updated: January 24, 2021*

Public health officials advise three additional deaths in people with COVID-19 have been reported today, including:

- a male in his 80s from the Prairie Mountain Health region, linked to an outbreak at the McCreary/Alonsa Health Centre.
- a female in her 90s from the Winnipeg health region linked to an outbreak at the Holy Family Personal Care Home; and
- a female in her 90s from the Winnipeg health region, linked to an outbreak at Concordia Place personal care home.

Public health officials note a previously announced death has been deleted from both the total case counts and the total death counts, as they were added as a COVID-19 positive case in error.

The current five-day COVID-19 test positivity rate is 10.6 per cent provincially and 6.4 per cent in Winnipeg. As of 9:30 a.m. today, 222 new cases of the virus have been identified and brings the total number of lab-confirmed cases in Manitoba to 28,697.

Today's COVID-19 data shows:

- 20 cases in the Interlake-Eastern health region;
- 116 cases in the Northern health region;
- 22 cases in the Prairie Mountain Health region;
- three cases in the Southern Health-Santé Sud health region; and
- 61 cases in the Winnipeg health region.

The data also shows:

- 3,521 active cases and 24,377 individuals who have recovered from COVID-19;
- there are 143 people in hospital with active COVID-19 as well as 135 people in hospital with COVID-19 who are no longer infectious but continue to require care, for a total of 278 hospitalizations;
- there are 28 people in intensive care units with active COVID-19 as well as 14 people with COVID-19 who are no longer infectious but continue to require critical care for a total of 42 ICU patients; and
- the total number of deaths due to COVID-19 is 799.

Laboratory testing numbers show 1,956 tests were completed yesterday, bringing the total number of lab tests completed since early February 2020 to 465,040. Case investigations continue and if a public health risk is identified, the public will be notified.
