COVID-19 Screening Tool - Experiencing symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: January 26, 2021

Public health officials advise five additional deaths in people with COVID-19 have been reported today including:

- a female in her 90s from Prairie Mountain Health, linked to the outbreak at Fairview Personal Care Home;
- a male in his 70s from the Winnipeg health region;
- a male in his 80s from the Winnipeg health region;
- a female in her 80s from the Winnipeg health region, linked to the outbreak at Seven Oaks General Hospital 5U1-3; and
- a male in his 90s from the Winnipeg health region, linked to the outbreak at Fred Douglas Lodge.

The current five-day COVID-19 test positivity rate is 10.3 per cent provincially and 6.4 per cent in Winnipeg. As of 9:30 a.m. today, 94 new cases of the virus have been identified, However, two cases have been removed due to data corrections and brings to net-new case total to 92. The number of lab-confirmed cases in Manitoba to 28,902.

Today's COVID-19 data shows:

- zero cases in Interlake-Eastern health region;
- 36 cases in the Northern health region;
- 15 cases in the Prairie Mountain Health region;
- two cases in the Southern Health-Santé Sud health region; and
- 41 cases in the Winnipeg health region.

The data also shows:

- 3,492 active cases and 24,601 individuals who have recovered from COVID-19;
- there are 140 people in hospital with active COVID-19 as well as 137 people in hospital with COVID-19 who are no longer infectious but continue to require care, for a total of 277 hospitalizations;
- there are 25 people in intensive care units with active COVID-19 as well as 13 people with COVID-19 who are no longer infectious but continue to require critical care for a total of 38 ICU patients; and
- the total number of deaths due to COVID-19 is 809.

Laboratory testing numbers show 1,118 tests were completed yesterday, bringing the total number of lab tests completed since early February 2020 to 467,785. Case investigations continue and if a public health risk is identified, the public will be notified.
