COVID-19 Screening Tool - Experiencing symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

### Current Situation

**NEW** Last updated: February 3, 2021

Public health officials advise three additional deaths in people with COVID-19 have been reported today, including:

- A female in her 70s from the Winnipeg health region;
- A female in her 80s from the Winnipeg health region; and
- A female in her 90s from Southern Health-Sante Sud and linked to the outbreak at Heritage Life Personal Care Home.

The current five-day COVID-19 test positivity rate is 6.9 per cent provincially and 3.9 per cent in Winnipeg. As of 9:30 a.m. today, 126 new cases of the virus have been identified. However, one case has been removed due to a data correction. This brings the net-new number of cases today to 125 and the total number of lab-confirmed cases in Manitoba to 29,858.

Today's COVID-19 data shows:

- 24 cases in Interlake-Eastern health region;
- 55 cases in the Northern health region;
- seven cases in the Prairie Mountain Health region;
- eight cases in the Southern Health-Santé Sud health region; and
- 32 cases in the Winnipeg health region.

The data also shows:

- 3,358 active cases and 25,665 individuals who have recovered from COVID-19;
- there are 105 people in hospital with active COVID-19 as well as 155 people in hospital with COVID-19 who are no longer infectious but continue to require care, for a total of 260 hospitalizations;
- there are 22 people in intensive care units with active COVID-19 as well as 12 people with COVID-19 who are no longer infectious but continue to require critical care for a total of 34 ICU patients; and
- the total number of deaths in people with COVID-19 is 835.

Laboratory testing numbers show 1,833 tests were completed yesterday, bringing the total number of lab tests completed since early February 2020 to 482,110. Case investigations continue and if a public health risk is identified, the public will be notified.
