COVID-19 Screening Tool - Experiencing symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

### Current Situation

**NEW** Last updated: February 10, 2021

Public health officials advise six additional deaths in people with COVID-19 have been reported today including:

- a male in his 70s from the Northern health region and linked to outbreaks at St. Paul's Personal Care Home and St. Anthony's General Hospital, dialysis unit;
- a female in her 70s from the Southern Health-Sante Sud and linked to the outbreak at Heritage Life Personal Care Home;
- a female in her 80s from the Winnipeg health region and linked to the outbreak at Bethania Mennonite Personal Care Home;
- a female in her 80s from the Winnipeg health region and linked to the outbreak at Parkview Place Personal Care Home;
- a female in her 80s from the Winnipeg health region; and
- a male in his 80s from the Winnipeg health region.

The current five-day COVID-19 test positivity rate is 5.2 per cent provincially and 4.1 per cent in Winnipeg. As of 9:30 a.m. today, 59 new cases of the virus have been identified. However, two cases have been removed due to a data correction. This brings the net-new number of cases today to 57 and the total number of lab-confirmed cases in Manitoba to 30,471.

Today's COVID-19 data shows:

- one cases in Interlake-Eastern health region;
- 31 cases in the Northern health region;
- two cases in the Prairie Mountain Health region;
- four cases in the Southern Health-Santé Sud health region; and
- 21 cases in the Winnipeg health region.

Case investigations continue and if a public health risk is identified, the public will be notified.

The data also shows:

- 1,573 active cases and 27,985 individuals who have recovered from COVID-19;
- 99 people in hospital with active COVID-19 as well as 156 people in hospital with COVID-19 who are no longer infectious but continue to require care, for a total of 255 hospitalizations;
- 17 people in intensive care units with active COVID-19 as well as 17 people with COVID-19 who are no longer infectious but continue to require critical care for a total of 34 ICU patients; and
- the total number of deaths in people with COVID-19 is 859.

Laboratory testing numbers show 1,610 tests were completed yesterday, bringing the total number of lab tests completed since early February 2020 to 493,825.
