COVID-19 Screening Tool - Experiencing symptoms?

Take a self-assessment

Contact **Health Links-Info Santé** at **204-788-8200** or **1-888-315-9257** (toll-free) if you're experiencing symptoms of the 2019 novel coronavirus.

Do not call 911 unless it is an emergency.

Current Situation

NEW Last updated: February 13, 2021

Public health officials advise one additional death in a person with COVID-19 has been reported today:

- a male in his 80s from the Winnipeg health region.

The current five-day COVID-19 test positivity rate is five per cent provincially and 3.8 per cent in Winnipeg. As of 9:30 a.m. today, 100 new cases of the virus have been identified. However, one case has been removed due to a data correction. This brings the net-new number of cases today to 99 and the total number of lab-confirmed cases in Manitoba to 30,687.

Today's COVID-19 data shows:

- two cases in Interlake-Eastern health region;
- 39 cases in the Northern health region;
- three cases in the Prairie Mountain Health region;
- 12 cases in the Southern Health-Santé Sud health region; and
- 44 cases in the Winnipeg health region.

Case investigations continue and if a public health risk is identified, the public will be notified.

The data also shows:

- 1,628 active cases and 28,193 individuals who have recovered from COVID-19;
- 86 people in hospital with active COVID-19 as well as 144 people in hospital with COVID-19 who are no longer infectious but continue to require care, for a total of 230 hospitalizations;
- 11 people in intensive care units with active COVID-19 as well as 17 people with COVID-19 who are no longer infectious but continue to require critical care for a total of 28 ICU patients; and
- the total number of deaths in people with COVID-19 is 866. Due to a data correction, one death that had been reported earlier has been removed.

Laboratory testing numbers show 1,560 tests were completed yesterday, bringing the total number of lab tests completed since early February 2020 to 499,259.
