## Mental Health and Coping During COVID-19

### Actions being taken

New Brunswick's public health officials are carefully monitoring the situation in Canada, and around the world, and are ready to respond.

They are:

- working closely with federal, provincial and territorial partners to share information and assess potential health risks
- ensuring our health system is ready to respond effectively if needed
- ensuring front-line health professionals have information about the virus so they can:
  - take recommended actions
  - promptly report suspected cases to public health officials
  - investigate of persons who may have been exposed and are potentially at risk of developing illness to help prevent spread
