COVID-19 SELF-ASSESSMENT

Before calling 811 use this self-assessment tool to help determine whether you should be tested for COVID-19. You can complete this assessment for yourself or on behalf of someone else, if they are not able.

Launch self-assessment

If you have symptoms:

- Please do not visit a hospital, physician's office, lab or healthcare facility without consulting 811 first.
- If you are having difficulty breathing or experiencing other severe symptoms, call 911 immediately. Advise them of your symptoms and travel history.

Cases and testing

LAST UPDATED: APRIL 1, 2020 AT 5:00 P.M. -

Total cases : 81

For the latest Canadian updates, visit the Public Health Agency of Canada website.

Mental Health and Coping During COVID-19

Actions being taken

New Brunswick's public health officials are carefully monitoring the situation in Canada, and around the world, and are ready to respond.

They are:

- working closely with federal, provincial and territorial partners to share information and assess potential health risks
- · ensuring our health system is ready to respond effectively if needed
- ensuring front-line health professionals have information about the virus so they can:
 - take recommended actions
 - promptly report suspected cases to public health officials
 - investigate of persons who may have been exposed and are potentially at risk of developing illness to help prevent spread
