Feedback

For the most up-to-date information visit www.princeedwardisland.ca/covid19

Canada's Chief Public Health Officer is in close contact with [PEI's Chief Public Health Office](#) to monitor, rapidly identify and manage any cases of COVID-19 occurring in Canada in order to protect the health of Canadians.

The Public Health Agency of Canada is also working with all provinces and territories, and its international partners, including the World Health Organization, to actively monitor the situation.

COVID-19 Testing Data

| COVID-19 Testing Data as of 16-March 2020 | |
|--|-----|
| Positive results | 1 |
| Negative results | 40 |
| Persons under investigation (test results pending) | 106 |

Public health risk is continually reassessed and updated as new information becomes available.

For all PEI residents and travellers

Stop all non-essential travel outside of Canada.

Self-isolate for 14 days following all international travel, including the US.

Visit [COVID-19](#) to learn about travel advice, risks and precautions.

For all Canadians

Visit the [Public Health Agency of Canada website](#) for details of the current situation in Canada and the risk associated with COVID-19 for Canadians. Public health risk is continually reassessed as new information becomes available.
