Case counts: COVID-19

If you have a non-medical question, email covid19info@gov.yk.ca. If you have a medical question, phone 811.

Case count updates over the holidays

Between January 1 and 3, 2021, we'll only report new cases. We will not update any of the other numbers. We'll update all the numbers on January 4, 2021.

Yukon COVID-19 test results updated: January 1, 2021 – 18:30

| | |
|---------------------|-------|
| Total people tested | 5,927 |
| Confirmed cases | 60 |
| Active cases | 4 |
| Recovered cases | 59 |
| Deceased | 1 |
| Negative results | 5,842 |

- January 1, 2021 – we've only updated the active cases. We'll update all the other numbers on January 4, 2021.
- The number of negative results reduced by 2 on December 31, 2020, compared to December 30, 2020. This is a correction because of a routine data check. It does not affect the number of confirmed or active cases in Yukon.
