Case and vaccine counts: COVID-19

If you have a non-medical question, email covid19info@gov.yk.ca. If you have a medical question, phone 811.

Updated: February 15, 2021, at 15:00

We update this information daily, Monday through Friday.

Case count

Confirmed cases	72
Recovered cases	69
Active cases	2
Deceased	1

February 15, 2021 – The probable case that was [announced February 12](#) is confirmed to be positive. No additional potential exposure notices have been issued.

Vaccines administered

1st shot	10,605
----------	--------

2nd shot	909
Total doses	11,514

The last update was Friday, February 13 and the next update will be Thursday, February 18.

People tested

Total number of tests	7,864
Total people tested	6,502
Number of people with negative results	6,416
Number of people with pending results	14

1 person can be tested more than once for COVID-19. That's why there's a difference between these 2 sets of numbers.
