Case and vaccine counts: COVID-19

If you have a non-medical question, email covid19info@gov.yk.ca. If you have a medical question, phone 811.

Updated: February 17, 2021, at 15:00

We update this information daily, Monday through Friday.

Case count

| | |
|-----------------|----|
| Confirmed cases | 72 |
| Recovered cases | 69 |
| Active cases | 2 |
| Deceased | 1 |

February 15, 2021 – The probable case that was [announced February 12](#) is confirmed to be positive. No additional potential exposure notices have been issued.

Vaccines administered

| | |
|----------|--------|
| 1st shot | 10,605 |
|----------|--------|

| | |
|-------------|--------|
| 2nd shot | 909 |
| Total doses | 11,514 |

The last update was Friday, February 13 and the next update will be Thursday, February 18.

People tested

| | |
|--|-------|
| Total number of tests | 7,916 |
| Total people tested | 6,531 |
| Number of people with negative results | 6,431 |
| Number of people with pending results | 28 |

1 person can be tested more than once for COVID-19. That's why there's a difference between these 2 sets of numbers.
