## People tested

|  |       |
|--|-------|
| Total number of tests                  | 8,133 |
| Total people tested                    | 6,675 |
| Number of people with negative results | 6,581 |
| Number of people with pending results  | 22    |

Information can change as data is checked or becomes more complete.

1 person can be tested more than once for COVID-19. That's why there's a difference between these 2 sets of numbers.
