Case and vaccine counts: COVID-19

If you have a non-medical question, email covid19info@yukon.ca. If you have a medical question, phone 811.

Updated: March 26, 2021, at 15:00

We update this information daily, Monday through Friday.

Case count

| | |
|-----------------|----|
| Confirmed cases | 73 |
| Recovered cases | 71 |
| Active cases | 1 |
| Deceased | 1 |

There is an [active potential exposure notice](#).

People tested

| | |
|-----------------------|-------|
| Total number of tests | 8,407 |
|-----------------------|-------|

| | |
|--|-------|
| Total people tested | 6,854 |
| Number of people with negative results | 6,752 |
| Number of people with pending results | 29 |

Information can change as we check data or it becomes more complete.

1 person can be tested more than once for COVID-19. That's why there's a difference between these 2 sets of numbers.

Vaccines administered

| | |
|-------------|--------|
| 1st shot | 23,133 |
| 2nd shot | 10,870 |
| Total doses | 34,003 |

Territorial and regional vaccine progress
