## WHAT IS CORONAVIRUS (COVID-19)?

Coronavirus or COVID-19 is a new strain of the coronavirus, which was first identified in Wuhan City, China in 2019. COVID-19 is a member of the coronavirus family (a group of viruses) that has never been encountered before.

## WHAT ARE THE SYMPTOMS?

The virus most commonly causes:

- ✓ coughing
- ✓ fever
- ✓ tiredness
- ✓ breathing difficulties

These symptoms are usually mild and begin gradually but commonly occur within 1-10 days after a person has been exposed.

Some people become infected but don't develop any symptoms and don't feel unwell. Around 1 out of every 6 people who gets COVID-19 becomes seriously ill and develops difficulty breathing.

## HOW DO I GET MORE INFORMATION?

This official website includes a lot of helpful information that is constantly being updated, including a detailed explanation of the [Daytime "Soft" Curfew and Nighttime "Hard" Curfew](#) that are in place, answers to [Frequently Asked Questions](#) and details of [Policies in Action](#). We also have a list of [Hotlines](#) for critical services.

If you have medical questions, many resources are available on this website and [www.hsa.ky/coronavirus](http://www.hsa.ky/coronavirus). If you can't find what you're looking for or have a question about your specific situation, contact your General Practitioner or the 24-hour Flu Hotline on 1-800-534-8600 or 947-3077 or email [flu@hsa.ky](mailto:flu@hsa.ky). If you have a medical emergency dial 911.

If you have a non-medical question and can't find the answer on this website, contact the National Emergency Operations Centre hotline on 1-800-534-6555 or email [NEOC@gov.ky](mailto:NEOC@gov.ky).

## CORONAVIRUS F.A.Q.S

### What is coronavirus? How is it caught & spread?

The information and studies we are receiving on COVID-19 grow by the day, and so does the understanding. The advice from our Chief Medical Officer is that shared by national public health agencies such as the Centers for Disease Control in the USA, Public Health England and the World Health Organization. [Read more.](#)

### What is Government doing to address COVID-19?

Here on our official website, you can find the most up to date news and information about Government's response to COVID-19. This includes [Policies in Action](#) to protect our community and save lives.

### What should I do if I think I have COVID-19?

Unless you require emergency medical care, stay home. Call your General Practitioner or the Flu Hotline on 1 800 534 8600 or 947 3077 for advice if you are not managing. Depending on your symptoms and travel history you will most likely be advised to self-isolate at home. A member of the Health Services Authority will visit you at your home. [Read more.](#)

## What should businesses do?

The Cayman Islands Government issued advice on how businesses and commerce can prepare ahead of a potential community case. We are also keeping this website updated to reflect the latest policies and advice. [Read more.](#)

View all of our frequently asked questions on the novel coronavirus [here](#).

## PREVENTION TIPS

The best way to protect yourself and others from the spread of this virus is to practice these three tips:

- ✔ Catch it. Catch a cough or sneeze in a tissue. If you have nothing to use, use your elbow and not your hands.
- ✔ Bin it. Bin the tissues after use. Viruses can live for hours in tissues.
- ✔ Kill it. By avoiding close contact with those suffering from acute respiratory illness, avoiding travel if you have flu-like symptoms (or a cough or a fever) we can help kill the virus.

# Coronavirus Prevention Tips

1

frequently **cleanse hands**  
with soap and water or an  
alcohol-based hand sanitizer

## CAYMAN PREPARED

Hazard Management Cayman Islands has overall responsibility for the national Comprehensive Disaster Management programme, including preparedness, response, mitigation and recovery.

HMCI is responsible for the National Emergency Operations Centre (NEOC), which is activated to direct and coordinate the response to national threats. [Read more.](#)
