Daily COVID-19 Statistics For The Cayman Islands.

The Chief Medical Officer reports 461 COVID-19 tests carried out since Friday's press conference which all did not detect SARS-CoV-2, the virus that causes COVID-19 disease.

All positive and inconclusive results will be sent for cross-checking to our reference laboratory, CARPHA, along with 10% of negative cases.

For symptomatic patients:

10 days after symptom onset, plus at least 3 additional days without symptoms (including without fever and without respiratory symptoms). Persons will then be retested and must obtain two negative tests 24 hours apart.

For asymptomatic cases:

10 days after positive test for COVID-19. Persons will be then be retested and must obtain two negative tests 24 hours apart.
