### Daily COVID-19 Statistics For The Cayman Islands.

The Chief Medical Officer, Dr John Lee, reports 319 COVID-19 tests have been carried out since it was last reported. One was positive for SARS-CoV-2, the virus that causes COVID-19 disease. The positive individual was identified through the screening programme and is asymptomatic. Contact tracing has begun.

#### For symptomatic patients:

10 days after symptom onset, plus at least 3 additional days without symptoms (including without fever and without respiratory symptoms). Persons will then be retested and must obtain two negative tests 24 hours apart.

#### For asymptomatic cases:

10 days after positive test for COVID-19. Persons will be then be retested and must obtain two negative tests 24 hours apart.
