People urged not to leave their homes

The Taoiseach, Leo Varadkar, and Minister for Health, Simon Harris, have issued strict guidelines for people to stay at home from midnight tonight (Friday).

The main rule is to STAY AT HOME.

The only times you can leave your home are:

- to travel to or from work if you are providing an essential service [A list of essential retail outlets is available here](#). A full list of essential workers will be [published on Saturday](#)
- to shop for food
- to collect medical prescriptions and medical supplies and attend medical appointments
- to carry out vital services like caring (including family carers)
- for brief individual exercise - within 2 kilometres of your house. (You can bring children but must keep 2 metres away from others for social distancing)
- for farming

Government announces new COVID-19 Income Support Scheme

The government has announced a National COVID-19 Income Support Scheme.

This will provide financial support to Irish workers and companies affected by the crisis.

Measures include:

- a temporary wage subsidy of 70% of take home pay up to a maximum weekly tax free amount of €410 per week to help affected companies keep paying their employees. This is the equivalent of €500 per week before tax
- workers who have lost their jobs due to the crisis will receive an enhanced emergency COVID-19 Pandemic Unemployment Payment of €350 per week (an increase from €203)
- the COVID-19 illness payment will also be increased to €350 per week

- the self-employed will be eligible for the COVID-19 Pandemic Unemployment Payment of €350 directly from the Department of Employment Affairs and Social Protection (rather than the Revenue scheme)
- enhanced protections for people facing difficulties with their mortgages, rent or utility bills
