### Jamaica records highest number of COVID-19 cases

Jamaica has recorded its highest number of COVID-19 cases in a 24-hour period, with 263 cases recorded from 1,785 samples tested in the last 24 hours. The increase in the daily positivity rate of 14.73% is a cause for concern and reflects that there may be a complacent attitude that...

### **Health Ministry pursues new Chronic Care Model**

As part of efforts to reduce Jamaica’s burden of non-communicable diseases (NCDs), the Ministry of Health and Wellness is pursuing a new chronic care model that offers a departure from business as usual in local health care delivery. The model advances, among other things, an extensive network of health facilities...
