

The diagram illustrates a 3D memory layout with three columns of blocks. The first column has a large orange block at the top, followed by two orange blocks, and then two light gray blocks. The second column has a large orange block at the top, followed by two orange blocks, and then two light gray blocks. The third column has a large orange block at the top, followed by two orange blocks, and then two light gray blocks. Each block contains a 2x2 grid of numbers.
