Updates on COVID-19 in Republic of Korea

11 April 2020

○ As of 0:00, 11 April 2020, the total number of confirmed cases is 10,480 (including 886 imported cases), of which 7,243 cases have been discharged from isolation. Newly confirmed cases are 30 in total.

[Table 1. Total confirmed and suspected cases]

Period (since 3 Jan)	Total	Tested positive (PCR)				Being tested	Tested negative
		Confirmed	Discharged	Isolated	Deceased		
As of 0:00 10 April (Fri)	503,051	10,450	7,117	3,125	208	15,298	477,303
As of 0:00 11 April (Sat)	510,479	10,480	7,243	3,026	211	14,070	485,929
Difference	(+)7,428	(+)30	(+)126	(-)99	(+)3	(-)1,228	(+)8,626

[Table 2. Imported cases in Korea (as of 0:00, 11 April 2020)]

	Total	Region/Country					Where confirmed		Nationality	
		China	Asia ex-China	Europe	America	Africa	Airport	Community	Korean	Other
New	12	0	1	3	8	0	6	6	10	2
Total	886	16 (1.8%)	96 (10.8%)	414 (46.7%)	357 (40.3%)	3 (0.3%)	358 (40.4%)	528 (59.6%)	813 (91.8%)	73 (8.2%)

* Figures may change based on findings from ongoing local epidemiological investigation efforts.

○ Epidemiological links have been found for 81.7% of the total cases; 9.8% are either under investigation or sporadic cases. More details on the epidemiological links within each province or city are shown in Table 2.

○ From the Second Mi-Ju hospital in Daegu City, 4 additional cases have been confirmed from testing all 144 patients and staffs under cohort isolation. In total, 190 cases(patients = 176; staffs = 14) have been confirmed since 26 March.

○ From Euijeongbu St. Mary's Hospital in Gyeonggi Province, 7 additional cases have been confirmed from during self-quarantine. In total, 59 cases (patients = 21; staffs = 16; family/contacts = 22) have been confirmed since 29 March.

○ From Gyeongbuk Province, during the epidemiological investigation 3 additional cases have been confirmed. In total, 8 cases have been confirmed since 9 April. (The figures on Table 2 are based on cases reported to KCDC before 0:00 of 11 April and may differ from above).

○ As the number of confirmed cases decrease, KCDC urged each medical institutions to actively test for suspected COVID-19 cases in efforts to detect the "silent spread."

- KCDC stressed once again that all suspected COVID-19 tests reported to KCDC by the local health centers will be covered by national health insurance and other sources.

Updates on COVID-19 in Republic of Korea

11 April 2020

○ KCDC asked for continued participation in the Enhanced Social Distancing campaign which has been extended to 19 April, especially this upcoming weekend. KCDC is advising people to refrain from activities that make it easy to come in close contact with other people in an enclosed space and to maintain good personal hygiene including washing hands and covering coughs/sneezes.

○ Also, KCDC asked citizens who will be voting today to stickly comply to the quarantine guidelines at the polling stations as provided below.

Call to actions for 15 April 2020 General Election voters

- ① Do not bring young children to the polling station if possible.
- ② Before going to the polling station, wash your hands thoroughly with soap under running water for at least 30 seconds.
- ③ Wear a face mask when you go to the polling station.
- ④ Before entering into the polling station, get checked for fever, disinfect your hands, and wear disposable gloves.
- ⑤ Keep a distance of at least 1 meter between yourself and other voters.
- ⑥ Refrain from all non-essential conversations in or around polling station.
- ⑦ If you have fever or respiratory symptoms, go to a separate, temporary location to cast your vote and then visit a public health center.
- ⑧ When you return home, wash your hands thoroughly with soap under running water for at least 30 seconds.

Call to actions for all citizens

- ① **Cancel or postpone** all non-essential gatherings, dining out, social events, and travel plans.
 - * There have been numerous reported transmissions abroad by dining together. All meetings and events involving sharing a meal should especially be postponed or canceled.
- ② If you have fever, cough, sore throat, muscle pain, or other respiratory symptoms, do not go to work. **Stay home and take sufficient rest.**
- ③ **Stay home** except to purchase necessities, to get medical care, or to go to work.
- ④ Avoid handshakes and other forms of physical contact. **Keep 2-meter distance from others.**
- ⑤ Wash your hands, cover up when you sneeze/cough, and generally **maintain strict personal hygiene.**
- ⑥ **Disinfect and ventilate** your space every day.
