Coronavirus: COVID-19

> 

> 

> 

HOTLINE: 8002 8080

Current situation (12.03.2020):
26 people infected

WHAT IS CORONAVIRUS?

Definition of Coronavirus

Where did the new coronavirus appear?

What is a pandemic?

SYMPTOMS

What are the symptoms?

Can a blood test detect the presence of the virus?

Can my personal physician prescribe a laboratory test to identify the SARS-CoV-2-virus?

If there is a suspicion that I am infected with COVID-19 and a test was executed, who receives the test results?

TRANSMISSION AND TREATMENT

How is COVID-19 coronavirus spread?

Can I be contaminated by a package ?

Is COVID-19 transmissible during sexual intercourse?

Does the new coronavirus pose a threat to pregnant women or fetuses?

Is there a vaccine against COVID-19?

What treatment exists for COVID-19 infection?

Can my physician refuse to receive me ?

PROTECTION

What should I do to protect myself and to avoid being contaminated?

Who is considered vulnerable

I am a vulnerable person, what should I do?

For immunosuppressed people, is the wearing of a mask recommended to protect against the a coronavirus infection?

When to wear a mask?

What do auto-quarantine and auto-isolation measures mean?

What will happen if the spreading of the virus can no longer be stopped by confinement measures?

Can I still visit elderly people in a care facility?

Which protective measures are taken in hospital facilities?

HOW IS LUXEMBOURG PREPARING?

A preparation at various levels

What does the High Commission for National Protection do?

What is the composition of the crisis unit?

What are the missions of the crisis unit?

What is the role of the Health Inspectorate (Inspection sanitaire)?

Why is there no screening at Luxembourg Airport?

Are our hospitals and health services prepared to accommodate many patients?

I am the organiser of an event. Should I maintain this event?

Why has the government decided to limit or forbid certain activities, visits, events and others?

TRAVEL INFO

Why are there no more any risk zones?

If you return from a trip without showing symptoms, but you have been potentially in casual contact with infected people, do the following for the next 14 days upon your return:

I was in close contact with infected people, even without showing symptoms. What should I do in the 14 days following the contact?

Can adults returning from a trip abroad (private or professional), resume their professional activity?

Precautionary measures for vulnerable people

CORONAVIRUS COVID-19 INFORMATIONS ET DIRECTIVES

MESURES PROTECTRICES POUR POPULATIONS À RISQUE

QUI SONT LES PERSONNES VULNÉRABLES ?

Les personnes
de plus de 65 ans.

Les personnes souffrant des maladies :

- Le diabète
- Les maladies cardio-vasculaires
- Les maladies chroniques des voies respiratoires
- Le cancer
- Une faiblesse immunitaire due à une maladie ou à une thérapie.

LES RECOMMANDATIONS SUIVANTES S'APPLIQUENT POUR LES PERSONNES VULNÉRABLES :

Effectuez les courses
en dehors des heures
de pointe, si possible.

Évitez les événements de masse
et les lieux rassemblant, en
milieu confiné, un nombre élevé
de personnes et où il n'est pas
possible de maintenir une distance
de sécurité de 1 à 2 mètres.

Reportez les voyages
non nécessaires.

Évitez les transports publics
autant que possible.

Poster - Information and Guidelines

CORONAVIRUS COVID-19 INFORMATION AND GUIDELINES

HOW TO PROTECT YOURSELF?

Wash your hands regularly and properly with water and soap.

Cough or sneeze into the crease of the elbow or in a tissue.

Avoid shaking hands or kissing.

Avoid touching your face with your hands.

Avoid close contact with sick people.

Stay home if you are sick. Don't go to work or school.

WHAT ARE THE SYMPTOMS?

Symptoms resemble those of the flu. The infection remains mild for the majority of cases.

HOW DOES THE VIRUS SPREAD?

A normal mask does not protect against contamination.

The virus is spread via respiratory droplets expelled when a person coughs or sneezes.

FOR INFORMATION:
8002 - 8080

IN CASE OF EMERGENCY:
