WHAT IS CORONAVIRUS?

Definition of Coronavirus

Where did the new coronavirus appear?

What is a pandemic?

SYMPTOMS

What are the symptoms?

What if I have a health problem?

Can a blood test detect the presence of the virus?

Can my family doctor prescribe a laboratory test to identify the SARS-CoV-2-virus?

If I am suspected of being infected with COVID-19 and a test was executed, who receives the result of the test?

TRANSMISSION AND TREATMENT

Where do I have to go to find out if I have Coronavirus?

What is the purpose of a thoracic scanner to detect Coronavirus?

How is COVID-19 coronavirus spread?

Is COVID-19 transmissible during sexual intercourse?

Does the new coronavirus pose a threat to pregnant women or fetuses?

How should I behave in order to be as little exposed as possible?

Can pets transmit COVID-19?

Is there a vaccine against COVID-19?

What treatment exists for COVID-19 infection?

How can I see my family doctor?

How do medical centres operate in the context of the coronavirus?

What to do in case of anxiety?

PROTECTION

What should I do to protect myself and to avoid being contaminated?

Who is considered vulnerable

I am a vulnerable person, what should I do?

For immunosupressed people, is the wearing of a mask recommended to protect against the a coronavirus infection?

When to wear a mask?

What does an isolation measure mean?

What does an auto-isolation measure mean?

What does an auto-quarantine measure mean?

What does an auto-monitoring measure mean?

What happens if the virus' spread cannot be contained by confinement measures?

Can I still visit elderly people in a care facility?

Which protective measures are taken in hospital facilities?

HOW IS LUXEMBOURG PREPARING?

I am a volunteer, whom should I contact to offer my help?

A preparation at various levels

What does the High Commission for National Protection (HCPN) do?

What is the composition of the crisis unit?

What are the missions of the crisis unit?

Are our hospitals and health services prepared to accommodate many patients?

Why has the government decided to limit or forbid certain activities, visits, events and others?

Which commercial activities continue to be available?

Are administrations and public institutions impacted by these restrictions?

Which essential activities for society are maintained?

Which activities have been cancelled or severely limited?

TRAVEL INFO

Any unnecessary travel must be cancelled or postponed.

What does the closure of the "Schengen borders" mean?

What are the recommendations to follow when travelling?

Can adults returning from a trip abroad (private or professional), resume their professional activity?

For all other questions related to COVID-2019, please consult the websites of the Luxembourg Government www.covid19.lu, the European Center for Disease Prevention and Control (ECDC) www.ecdc.eu or the World Health Organization (WHO) www.who.int.

YOU DON'T HAVE TO GO OUTSIDE? PLEASE STAY AT HOME!

PLEASE APPLY THE GENERAL RECOMMENDATIONS.

#BLEIFTDOHEEM

YOU DON'T HAVE TO GO OUTSIDE? PLEASE STAY AT HOME!

ONLY GO OUTSIDE IF

FURTHER INFORMATIONS

gouvernement.lu/coronavirus

The infographic includes icons and text for various recommendations:

- Avoid close contact: Keep a distance of 2 metres at all times.
- Keep vulnerable people safe!
- Avoid shaking hands or hugging.
- Avoid public transportation and delay non-essential travels.
- Wash your hands regularly and properly using water and soap.
- If you don't have to go to work, stay at home!
- Cough or sneeze into a tissue or into the crook of the elbow.
- Avoid touching your face with your hands.
- You have to go to work:
 - Go for grocery shopping for yourself or vulnerable people.
 - In case of an emergency.

I AM VULNERABLE

I am over 65 years old.

and/or

I suffer from one of the following medical conditions:

- Diabetes, type 1 or type 2;
- Chronic diseases of the respiratory tract;
- Cancer;
- An immune deficiency due to a condition or therapy.

I SHOW SYMPTOMS

FEVER

BREATHING DIFFICULTIES

COUGH

- Call your physician:
