## Daily situation update

---

It should also be noted that the statistics reported each day always correspond to the situation of the previous day.

Source: COVID-19 Research Taskforce

Next update: **20.10.2020 entre 17:30 - 18:00**

Under the law on the mandatory reporting of infectious diseases, laboratories are required to report test results for certain infectious diseases within specified time limits. Thus, PCR test results regarding a COVID-19 infection must be sent to the Health Inspectorate Division within one day. Nevertheless, delays longer than one day may occur and laboratories may send some PCR test results with a delay of several days. As a result of this catching-up on tests, retrospective corrections are made to the statistics presented on the [www.covid19.lu](http://www.covid19.lu) website.
