Daily situation update

It should also be noted that the statistics reported each day always correspond to the situation of the previous day.

Source: COVID-19 Research Taskforce

Next update: 22.10.2020 entre 17:30 - 18:00

Under the law on the mandatory reporting of infectious diseases, laboratories are required to report test results for certain infectious diseases within specified time limits. Thus, PCR test results regarding a COVID-19 infection must be sent to the Health Inspectorate Division within one day. Nevertheless, delays longer than one day may occur and laboratories may send some PCR test results with a delay of several days. As a result of this catching-up on tests, retrospective corrections are made to the statistics presented on the www.covid19.lu website.

Opening of a new COVID-19 testing centre in Luxembourg-Kirchberg

18.10.2020

Due to the high demand for coronavirus diagnostic tests, the National Health Laboratory will open a COVID-19 testing centre on Monday, 19 October at 12 p.m. in the former building of the Luxembourg National Library.

Further clarification by the Ministry of Health regarding the positive cases linked to education field

17.10.2020

In the weekly review from 5 to 11 October, the Ministry of Health stated that 12% of all positive cases in Luxembourg are linked to education field.
